On behalf of Jerry Tran. I highly recommend Magda Green Design. I had been using Magda Green Design for all my architectural needs. This company also helped me with multiple Building permits. The staffs are professional and knowledgeable in their field. Honest and reliable. I would recommend this company to all my friends.

A surveyor from Magda came out and took measurements for a soon to be rehabbed property in West Philly. Very punctual, precise and professional. Thank you!

I was extremely impressed with the timeliness of this company. Someone came out the same day I called and I had plans within 2 days. Great communication throughout the process as well. I would definitely work with this company again in the future.
